SOMEBODY give us electric lights.

LET us have a railroad through Jackson and on to Perryville.

A LITTLE band of Cape republicans seem to have been out to Jackson at a late hour one night last week.

BRO. MACK says "what in Hill do they want with Hill for president." Better call him off or Mack may lose his religion.

THEY say "every dog has his day," hence there is no worry about men holding office too long. The people will fix that when they get ready.

WHO says that the curbing and other improvements does not make East Main street look 100 per cent. better? This is the way Main street would have looked from bridge to bridge had the bond issue carried.

OUR democratic friends over the southeast are advocating a primary election to nominate district candidates and even some advocate a primary for state and county candidates. How would a republican primary strike the people of this county for county officers?

JUST as sure as Jim Seibert and the other gold bugs remain at the head of the democratic organization in Missouri, just that sure will the party go down in defeat at the next election—unless they can manage to extend the Nesbit law and the St. Louis police force into the country districts.—Scott County Kicker.

THE people are always talking about trusts and combines and yet when they go to trade if there is a corporation or a combine in the country they will trade with them, because they may be able to sell a little cheaper, rather than deal with a small firm or individual, who is trying to do an honest business and make a fair profit. Preaching and practicing are still far apart.

THERE seems to be some little trouble at Washington by the opposers of R. C. Kerns, committee man of Missouri. We believe it is the same old Filly and Kerns trouble brought up in a new form. We believe that President Roosevelt will properly adjust the matter. If Kerns' record strikes the president as right he will still remain the president's adviser in Missouri, but if the president thinks it to the party's interest to recognize neither the Kerns nor Filly element, then he will be his own judge in Missouri affairs.

BRIGHT'S DISEASE.
The largest sum ever paid for a prescription changed hands in San Francisco, August 30, 1901. The transfer involved in coin and stock \$112,500 and was paid by a party of business men for a specific for Bright's disease and diabetes, hitherto incurable diseases.

They commenced the serious investigation of the specific November 15, 1900. They interviewed scores of the cured and tried it out on its merits by putting over three dozen cases on the treatment and watching them. They also got physicians to name chronic, incurable cases, and administered it with the physicians for judges. Up to August 25 eighty-seven per cent of the test cases were either well or progressing favorably. There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address John J. Fulton Company, 420 Montgomery St., San Francisco, Cal.

To Solve the Servant Problem.

It has long been evident to the thoughtful housekeeper that the only way to supplant the unskilled, wasteful and high priced servant of this generation is to establish manual training schools for domestic science, where young girls, after a thorough course in one or all branches of household work, shall receive diplomas entitling them to certain situations at a fixed scale of wages. Perhaps no class of women workers is so well paid as that of domestic servants, and certainly there is no other class about which we hear so much complaint. Special preparation for special work is demanded in most trades and every profession, but the haphazard training of a domestic servant, or her lack of even that, does not debar her from a good home and money to spare. Not without much training of mistresses in the noble art of good housekeeping, and certainly not without the cooperation of housekeepers to keep up the standard and quantity of work demanded for a given wage in any community, can the training school fulfill its mission in hastening the millennium.—November Ladies' Home Journal.

Clothes and the Care of Them.

When ordering clothes, order the best you can afford. Money spent wisely is money saved in the end. Have your clothes made by a tailor, if possible. He will see that the material, fit and workmanship is satisfactory if he wishes to hold you as a customer.

Do not dress in a hurry, as any undue strain is likely to cause tearing or ripping. When sitting pull your pants up a trifle at the knees, it will relieve the strain which gives such an unattractive appearance. Do not sit on the tail of your coat. On retiring, do not hang your clothes on the floor.

"A stitch in time saves nine" is an old saying and a true one. If your clothes need cleaning, pressing and repairing, be sure you take them to a tailor. It is both laughable and ridiculous to think of any Tom, Dick or Harry trying to work at the trade, of which he is utterly ignorant and which takes years of study and experience to master.

Well dressed does not mean expensively dressed. If your clothes fit your you should fit your clothes by carrying yourself properly.

It is unnecessary to order your clothes in the city when you can do as well or better at home. Go to Walters, the tailor. He will show you the same cloth that is shown in the city, and get a correct fit by a tailor whose trade and experience were had in the city. Don't forget the place, second house south of Henry Wagner's blacksmith shop.

THE CHILDREN'S FRIEND.

You will have a cold this winter. Maybe you have one now. Your children will suffer too. For croup, coughs, bronchitis, grip and other fall complaints One Minute Cough Cure never fails. Acts promptly. It is very pleasant to the taste and perfectly harmless. C. B. George, Winchester, Ky., writes "Our little girl was attacked with croup late one night and was so hoarse she could hardly speak. We gave her a few doses of One Minute Cough Cure. It relieved her immediately and she went to sleep. When she awoke next morn she had no signs of hoarseness or croup. H. L. Jones.

\$5.00 Reward.

\$5.00 reward will be paid by the Jackson Turn Verein on conviction of party or parties that threw a rock through a window in Turner hall on the night of November 15.

GORDONVILLE.

Weather fair. Wheat sowing over. Corn about all gathered. Pumpkin and turnip harvest now on. Thanksgiving here. What is to come next we will hear from further along.

The best looking man in Allen-ville was visiting in Gordonyille the first of the week. There must be something up here that draws. Look out, Mr. Paar, you will be called on to fix up some papers in another case.

Gordonville has her share of barbers. Five barbers and only one chair.

Our lumber yard war is about over and the old yard seems to be doing all the business. Prices and perseverance will win.

The fire which has spread over the lowlands of Scott and Cape counties is driving all the game out into the hills. Wolves have killed forty sheep for one farmer below Allenville. Four bears have been seen, so reported. Two deer were killed near Oran last week, both fine large bucks.

Wednesday, November 27, is decapitation day among the tribe of turkeys. What is the reason that they don't set up the insanity plea and get off with a light prison sentence?

Gordonville is to lose her painters in the near future.

Some of the farmers are losing their cattle by the corn stalk disease. Wm. Beune lost one last week, fine milk cow. An examination of the stomach showed it to be full of dry stalks. CAL-WIGS.

FRUITLAND.

November 25.—Health better than for some time.

Oscar Hope lost a fine horse a few days ago. It ran into a sharp gate latch. Price Sides also lost a fine saddle horse.

Mrs. M. L. Davis lost two fine cattle last week caused by stock pasture.

Amos McLain moved into his new house in town last week.

Chas. Caldwell, Robt. Reid and others returned from the swamps last week bringing with them some fine venison and a fine set of horns. Reid and Swan being the lucky hunters brought in a four-spiked buck.

Carl Ruff came very near killing a large black eagle the other day.

Some of our people believe that we had the finest institute this year that we have ever had, but some are dissatisfied and think it was not done fair, but we found out that they failed to get any premiums.

Rev. W. R. McCormack will leave Friday to conduct a meeting at Birch Tree.

Mrs. Catherine Martin left this week for a visit to her daughter, Mrs. W. F. Sawyer, of Wayne county.

I will close by saying, come on Mr. Houck with your railroad. We are a wide awake people and are very anxious to see the road built. SCRIBBLER.

BURFORDVILLE.

November 27.—Health is remarkable good at this place. Mrs. Mary M. Phelps and her daughter, Bertha Hartle, left last week for Leadville, Colo. Silas Allen and two others, of near Millerville, returned from a hunt in the swamps with a wagon load of game.

Jeff Estes and mother will leave Friday for her home in Louisiana. Linder Allen is making long, sweet smiles now. They reach from Terrapin Neck to Fred Sinkard's above Gravel Hill.

John Phelps, Sherman Hartle and Gilbert Mabrey left a few weeks ago for Colorado looking for employment. They are now employed by the Arkansas Valley Smelting company at Leadville, Colo. WILD BILL.

OAK RIDGE.

November 26.—Everything quiet around here. Doctors are not busy at present. We understand that Dr. Walker has bought Dr. Elis' interest in the drug store at this place.

O. O. Bowers and George Jenkins have bought both of the harness shops at this place. Hog killing is the order of the day.

Miss F. Boney is on the sick list.

There is quite a lot of plowing being done around the Ridge. A REPUBLICAN.

L. M. BEAN, V. O. U. S. W. S.

Yesterday the alarm of fire was given and everybody, as usual, in Jackson started to help put out the fire. It was discovered that Dr. J. M. Baldrige's bed had caught fire from his pipe. The first persons there succeeded in putting the fire out and the others returned.

Today take Foley's Honey and Tar. It positively prevents pneumonia, or other serious results from colds. It may be too late tomorrow. All dealers.

Chas. Ross informs us that he will have the guttering on East Main street all put in this week. STOPS THE COUGH AND WORKS OFF THE COLD. Laxative Bromo Quinine Tablets cure a cold in one day. No cure, no pay. 25c. If you desire real estate in Jackson or surrounding country see L. M. Bean.
